Dear **Hilda de Beer**

On behalf of the GlaxoSmithKline management and staff, I would like to extend our heart-felt thank you for your commitment to making our **Orange Day 2012 (Sokwanela EduCare)** successful. GSK's mission of helping people to **do more, feel better and live longer** can be achieved not just through our medicines, vaccines and consumer products but also through our involvement with local communities. Working with your organisation (Newkidz on the Block) has enabled us to reach out to the communities and change lives in many ways.

Thank you for executing this project in such a professional manner and trust that this event was of benefit to your organisation as it was to us.

I look forward to working with you again in the near future.

Yours sincerely,

Simphiwe Otto

(Public Relations and Communication)
