

Raymond Ackerman Academy
of Entrepreneurial Development

23 September 2009

To whom it may concern

The Raymond Ackerman Academy organises regular volunteer days in order for our students to have an opportunity to give back (as they receive financial support from the Ackerman Academy) and experience the rewards of community involvement.

Our January 2009 class took part in a volunteer day with the Newkidz team in March 2009. Our students painted fences and walls in an effort to uplift the area around the day-care centre in Mfuleni that Newkidz supports.

The Newkidz team were very organised and our students were quickly briefed and organised into teams with all the necessary equipment. The Newkidz staff were friendly and supportive and the day was very well run.

The students thoroughly enjoyed their day and felt very proud once they saw the fruits of their labour.

Kind regards

Elli
