New Kidz on the Block  
Attention: Hilda De Beer

Dear Hilda,

**Engen Corporate Affairs team build with New Kidz on the Block – 2 April 2012**

As CSI Co-ordinator for Engen I was tasked by our General Manager for Corporate Affairs and our Corporate Social Investment Manager to co-ordinate a team building activity for our national Corporate Affairs team as part of a strategy building session.

I approached New Kidz on the Block and was presented with two opportunities by Hilda De Beer to support. We visited both sites requiring assistance after which I presented the facts to our General Manager for a decision. It was decided that our team would spend the day at Noncebo Educare centre in Mfuleni.

We spent an enriching day in the hot sunshine scraping and painting walls. Pavers were laid and a tree was planted. Our team of about 30 Engen employees worked well along side the very professional team of volunteers from New Kidz on the Block. Hilda's attention to detail And perfect arrangements ensured that our team experienced a fulfilling team building exercise. The end result was that the little one's returned to a beautiful new environment.

Thank you to all at New Kidz on the Block.

Warm regards,

**Melanie Holland**  
Corporate Social Investment Co-ordinator
